

Dunmore Primary School

'British Values' Statement

At Dunmore we take seriously our responsibility to prepare children for life in modern Britain. We value the ethnic backgrounds of all pupils and families.

We ensure that the fundamental British Values are introduced, discussed and lived out through the ethos and work of the school. All curriculum areas provide a vehicle for furthering understanding of these concepts. Our cross curricular approach provides excellent opportunities to deepen and develop understanding developing the spiritual, moral, social and cultural education of our children.

The school makes considerable efforts to ensure children have exposure to a wide experience beyond their local community during which these concepts are shown, through for example, sporting events, a range of educational visits and performing arts events.

We value the voice of the child and promote democratic processes such as our school council whose members are voted for by the children. Ideas and events are planned and discussed with a chance for debate and putting forward points of view. Older children also have many other responsibilities, many of them elected by themselves, for example, House Captains, Play leaders, Head Boy and Girl. We expect all our children to be good role models for each other, which is encouraged through high expectations of behaviour.

Some examples of how we promote values fundamental to our community are outlined below. Many are not so easily quantifiable but are values that you would see when visiting in the care and respect that we have for one another. The quality of the relationships at Dunmore is something that is frequently commented upon by visitors.
