Year 2 Curriculum Newsletter

Spring

Dear Parents/carers

Happy New Year! We have many fascinating and fun opportunities planned throughout Terms 3 and 4. These are detailed below.

Our topics are: Staying Alive and Time Travel

In Term 3 we will focus on the work of Florence Nightingale and Mary Seacole and the impact of the changes they made. We will compare nursing in the past to the present day and learn about the importance of having good hygiene and keeping healthy.

In Term 4 we will be transported to 1666 to discover the events that caused The Great Fire of London, what happened during the fire and how the city recovered.

English

We are starting the term by learning how to give and follow instructions with the aim of writing our own for a friend to use. Later in term 3 we will be creating fact sheets linked to our topic.

In term 4 we will be reading a selection of traditional stories and then writing our own versions with a twist. Also we will be writing an information booklet to share the facts we have learnt about The Great Fire of London.

Each week we will focus one lesson on spelling, punctuation and grammar giving children the tools they need to improve their writing.

Maths

We are continuing to teach our maths in two groups so that the children are learning at the appropriate level for them.

In term 3 we will learn how to use and apply our number skills by solving word problems in real life situations. We will also continue to practise telling the time and become more confident using money. Towards the end of the term we will begin learning times tables, starting with 10's and moving on to 5's and 2's. We will also learn the matching division facts. This work will continue into Term 4, along with measures.

Science

In science we will be learning about the importance of good hygiene as a way of keeping healthy. We hope to have some visits from health professionals.

In term 4 we will be exploring life cycles in animals and humans.

Computing

We will be designing our own keeping healthy posters with fact boxes and pictures.

In term 4 we will use the internet to research information about The Great Fire of London.

Other Subjects

In music we shall continue to develop our singing and performance skills through learning songs about food and healthy living. Later in term 4 we shall listen to music from the Tudor period and compose our own 'fire' music.

Our art and DT will link to our topics. In term 3 we will look at the work of Paul Cezanne and create our own still life pictures. In term 4 we will make Tudor houses to replicate those in The Great Fire of London.

Important Information	
Homework	Phonics- Set on Monday. Due the following Monday. Maths- Set on Friday. Due the following Friday. Spellings – Set on Friday to be tested the following Friday.
